## Good Sports? Great Sports! All on HBO

What's HBO? Great movies at home. Right? Right... and wrong. We're not just films like Oscar-winner *Annie Hall* and *King Kong*. Or specials like *The Vent* Event and *Myron Cohen*. We're also sports like tennis, basketball, gymnastics. Football, ice skating and boxing. We're not only stars like Diane Keaton or Paul Newman, George Carlin or David Brenner. We're also stars like Muhammad Ali, Chris Evert and O.J. Simpson. HBO heated up the

winter with some great competition in gymnastics and Skate Canada. We featured a host of nationally ranked college basketball teams—from Arkansas and Notre Dame to Marquette and UCLA. HBO showed you what Leon Spinks could do months before he astounded the boxing world. And we're just concluding our *Boxing's Greatest Champions* series. Our weekly football show, *Inside the NFL*, lets you play Monday morning quarterback every

Thursday. Beginning this month, HBO again brings you exclusive coverage of World Team Tennis—with players like Billie Jean King, Martina Navratilova and Vitas Gerulaitis. Great sports on HBO? Watch and see!
